

**Jonathan Rogers**

**Practical BIM Adoption for SME Innovation**

Helping SMEs prepare for BIM adoption and win projects

## Jonathan Rogers – Education & Experience

**BSc Architectural Technology** – DIT – 2011 - 2015

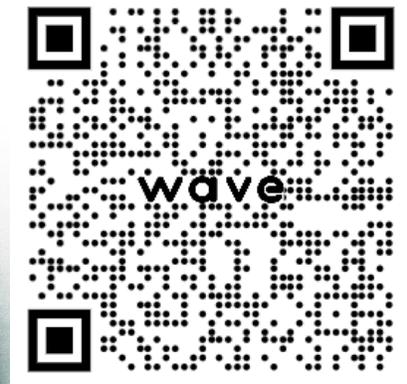

**MSc Applied Building Information and Management** – TUD 2016 - 2019

**MOLA Architecture** – BIM Coordinator – 2015 – 2019

**Kingspan Insulated Panels (UK & Ireland)** – BIM Specialist - 2019 – 2020

**Kingspan Group** – BIM Manager – 2020 – 2024

**ConTechDPD** – Founder and Managing Director – Founded December 2024

## The CWMF BIM Framework: Why SMEs Need to Prepare Now

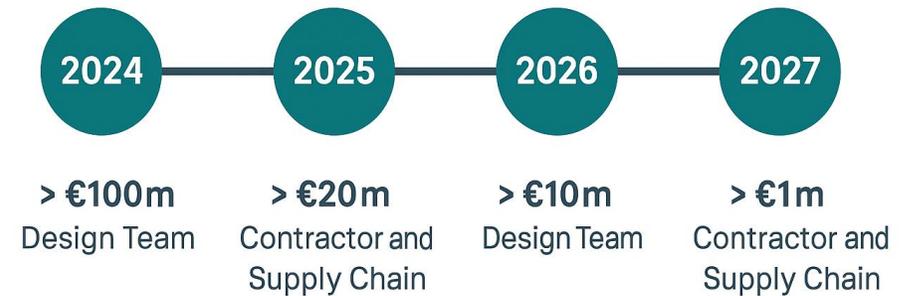

BIM mandatory on €100m+ projects from Jan 2024  
Expands to all public works by 2027  
Public sector driving digitalization of construction by 2030

### Opportunity for SMEs:

**Early adoption = competitive advantage**

Capital Works  
Management Framework

## PARTNERSHIP WITH MARTECH3D

*“We combine Martech3D’s technology with our BIM expertise to deliver tailored digital solutions.”*

**MARTECH3D®** brings the technology,  
**ConTechDPD** brings the knowledge.

**Give your products  
the 3D assets they  
deserve**

**WHAT IS THE  
MARTECH3D® SOLUTION?**

Complex machinery

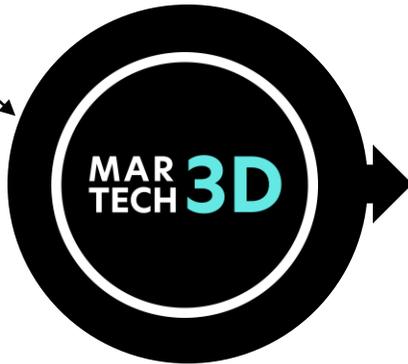

Technical Devices

Components

Specialist products

**EVERYDAY SHAREABLE 3D ASSETS**

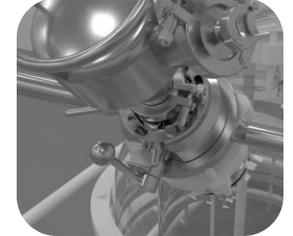

Interactive 3D models

True-to-scale AR

Photorealistic renders

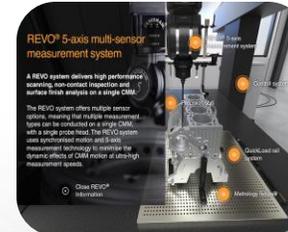

Product animations

**ADVANCED 3D APPS**

Virtual showrooms

3D product demos

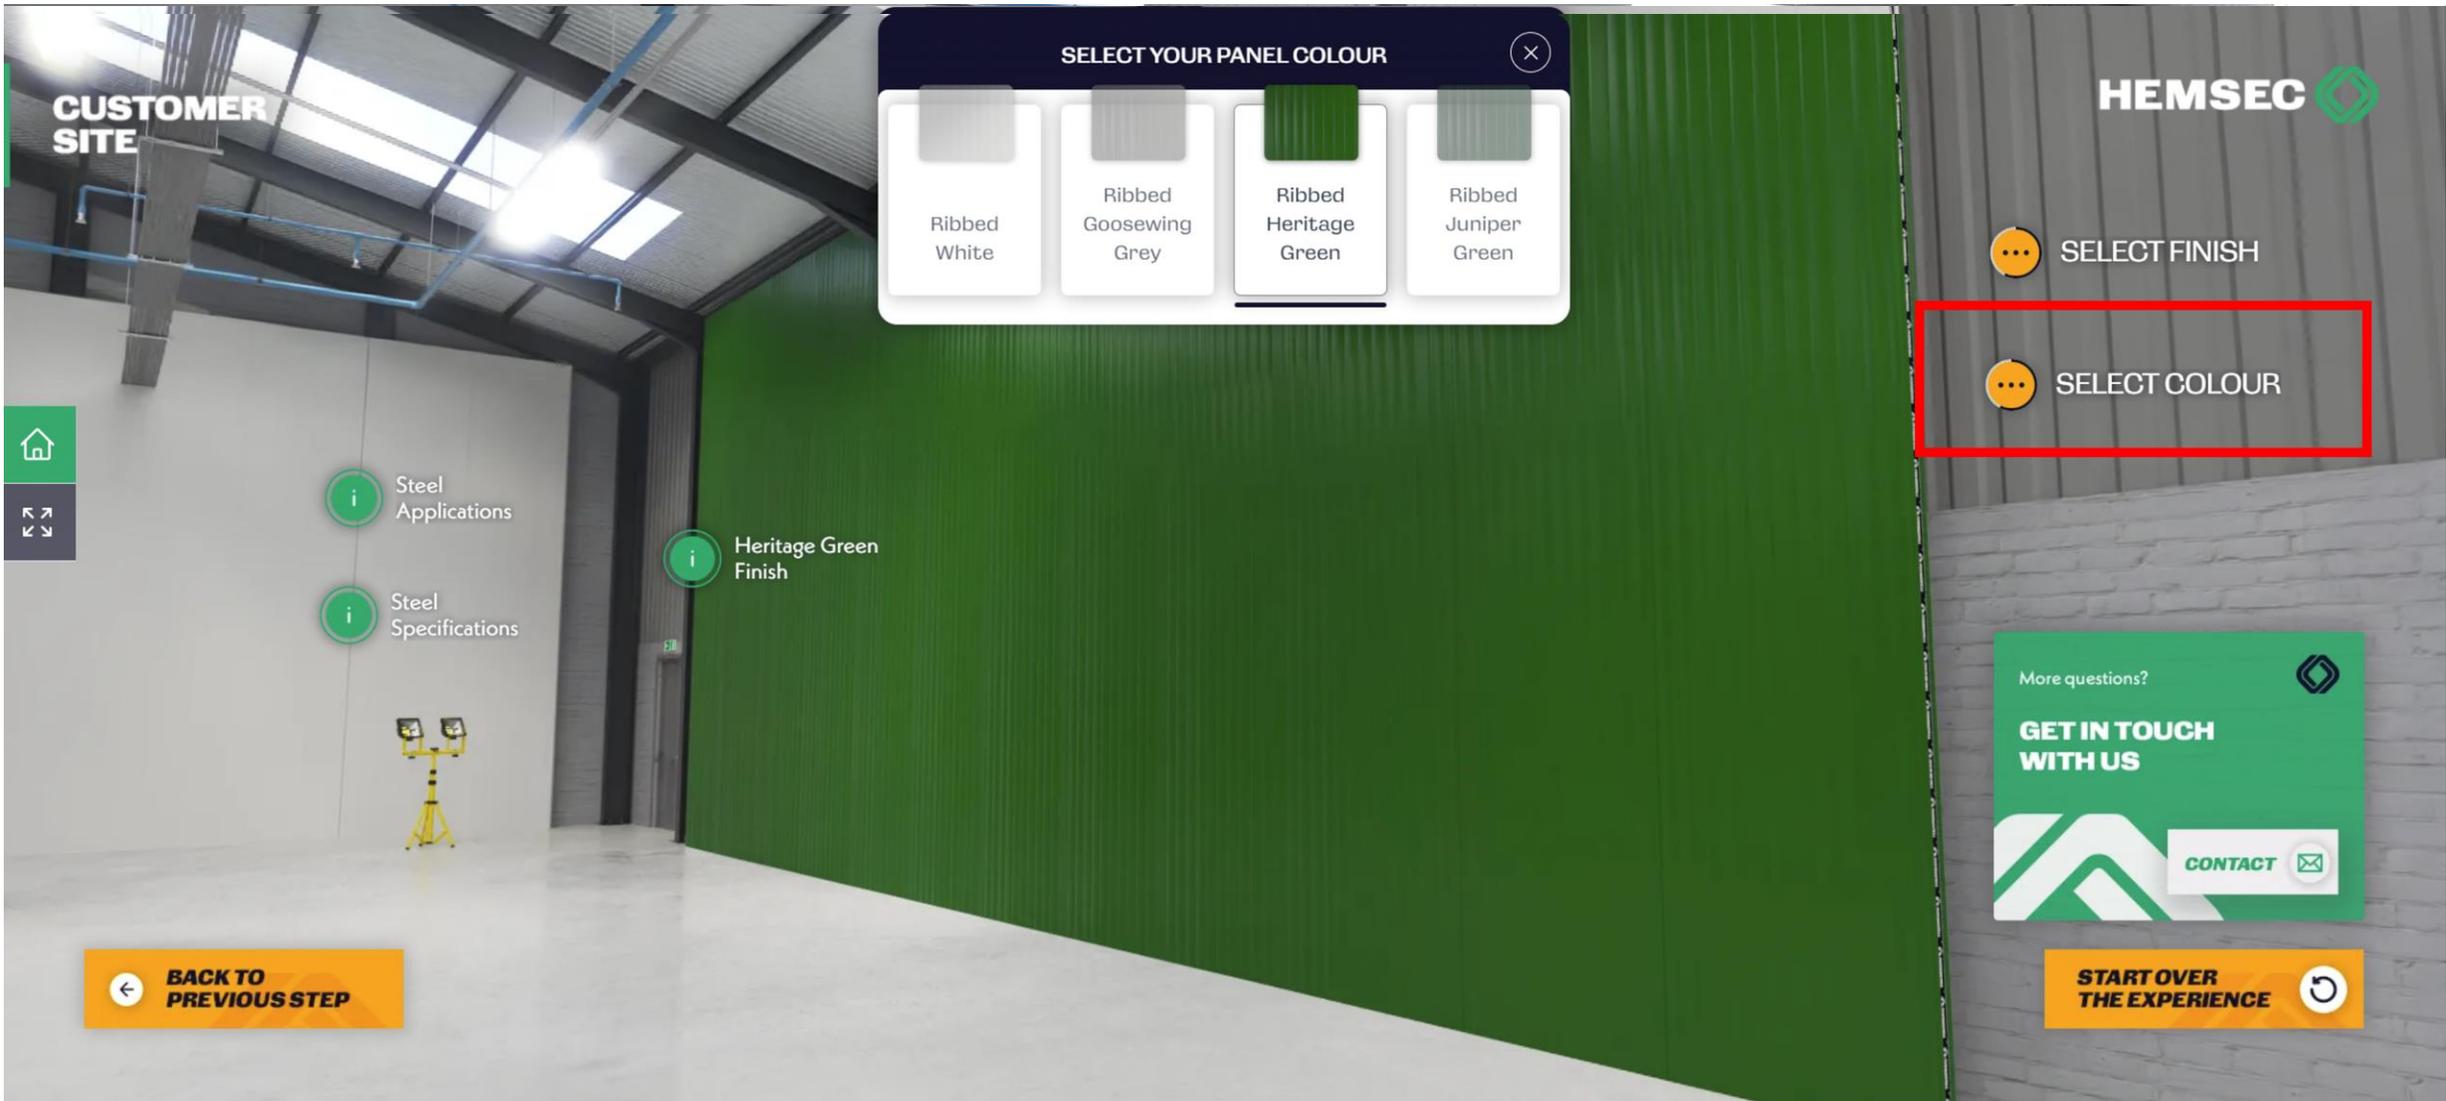

Product configurators

Bespoke apps

## Case Study: Sincon Engineering – Digital Project Delivery

### Request:

3D design model and BOM for Kingspan products.

### Solution:

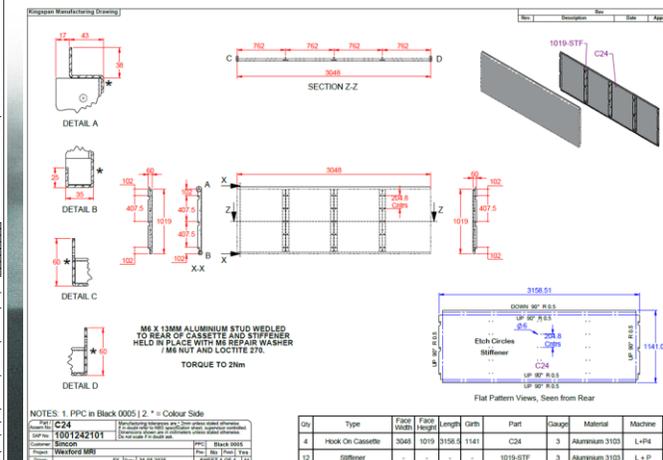

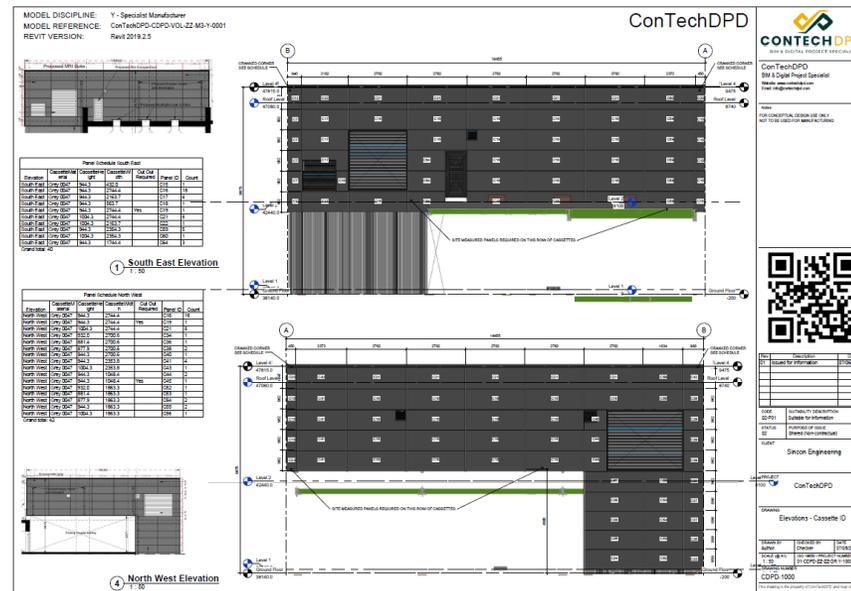

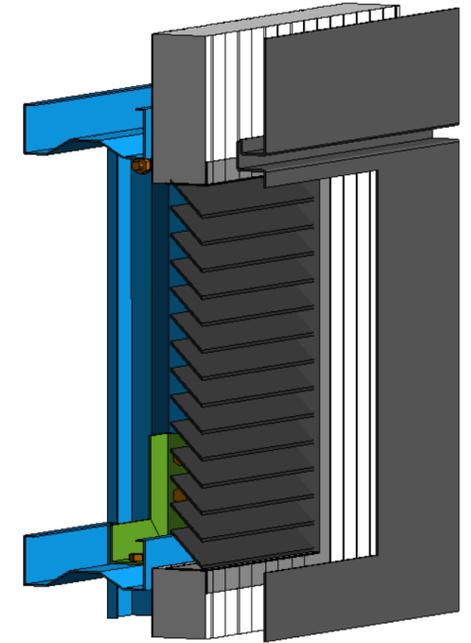

Created 3D components (Hook-On Cassette, Karrier Panel, RW Panels), quantified elements, identified panel types.

### Outcome:

Accurate BIM model streamlined order processing.

### Result:

Project currently on site.

## Case Study: Cabins & Containers – Digital Project Delivery

### Request:

Improve visualization and design accuracy during concept phase.

### Solution:

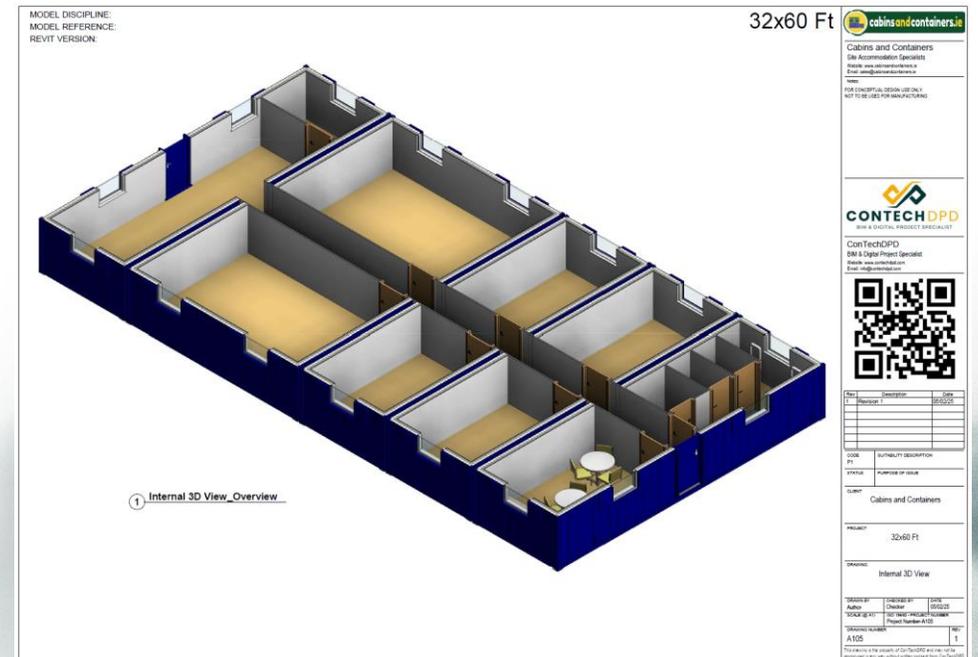

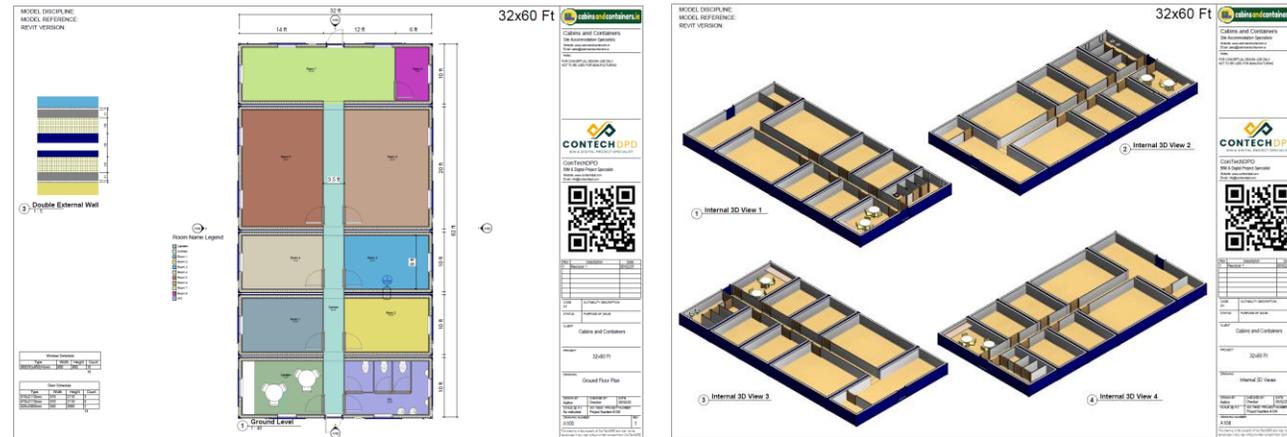

Implemented BIM with 3D design visualization and interactive layouts.

### Outcome:

Enhanced client engagement, faster decisions, better planning.

### Impact:

80% projects awarded because of BIM approach.

# Case Study: Clad Pad Integrated Digital Strategy

## Objective:

Full-spectrum digital transformation for efficiency and engagement.

## Solutions:

ISO 19650-aligned workflows

Revit content with multiple levels of detail

Interactive 3D showroom & BIM Bundle builder

3D design model integration & BOM generation. Potential of ERP integration.

## Result:

Showroom launching November 25.

BIM content being utilised by clients.

Panel Schedule						
Project Region	Panel Type	Panel Group	Width	Height	Count	Shared Panel
Admin Hall	Cut Panel	Gridline Y2	455	2400	1	Yes
